

Stellana Special Application Tires

Optimized Solutions for Demanding Needs.

Key Attributes

- Cut Resistance
- Oil Resistance
- Wet Grip
- Antistatic

Stellana Special Application Tires

- CUT RESISTANCE
- OIL RESISTANCE
- WET GRIP
- ANTISTATIC

Cut and Tear Resistance

Prevents chunking and chipping. Resistant to Metal and Glass debris. Longer life on rough floor conditions.

Wet Grip

Developed for better grip and stability on wet and slippery floors.

Oil Resistance

Better performance in oil contaminated work environments.

Antistatic

Safely conducts static electricity to the floor. Suitable for high risk and explosive handling vehicles.
