A HEXPOL COMPANY

# PolarBlast™

We Kick Ice...

## Snow and Ice

Stellana offers the latest technology in spinner design. Every spinner is made from our highest quality long-lasting polyurethane. Whether you need straight or curved fin disks, we have a variety of fixed and replaceable fin options for polyurethane spinners. Using a polyurethane material eliminates issues such as frozen build-up, rust, or corrosion that you experience in stainless steel products.

Integral Hub

## Spinner Options

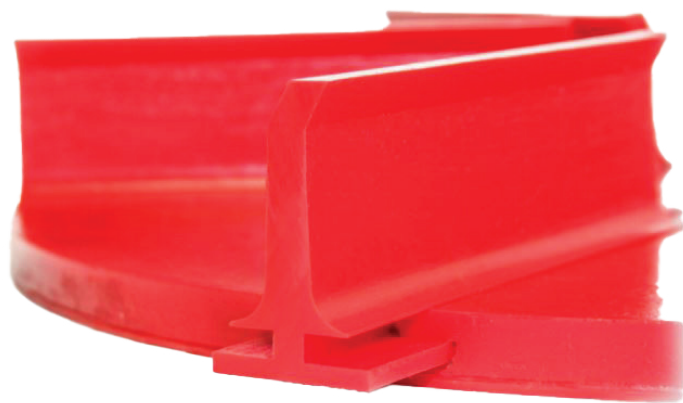

- Curved or Straight Fin.
