“So Round, You Can’t Feel It”

maxIMIZED PERFORMANCE

Stellana®

Smoothy® 90 & 95

Minimizes Truck Vibration
Reduces Mast Sway
Smoother, Safer Ride
Less Downtime

Stellana's Smoothy®90 tires & Smoothy®95 load wheels are a *revolution* in new polyurethane tire & wheel design. Our engineering & manufacturing processes provide uniformity in roundness not found in other comparable brands. Zero TIR, maintained after being pressed onto the hub, means you will have a smoother, safer, and a more energy-efficient ride. The Smoothy®90 & Smoothy®95 advanced polymer compounds excel in high-speed & high-load applications.

"So Round, You Can't Feel It."

Tire Tread Patterns

	Load Wheels	Tires
Hardness (Shore A)	97A	90A
Split/Tear (pli)	170	145
Tensile Strength (PSI)	4800	7900
Elongation (%)	335	530
Compression Set (%)	29	20
Bashore Resilience (%)	44	25
NBS Abrasion Index	300	170

Bearings are Available for Installation
